

TECHNICAL DATA SHEET

Healthy Hooves® Hoof Care Plus Paste HH 105T

Revision Date: 18/02/2020

Product Description

Healthy Hooves® Hoof Care Plus Paste HH 105T contains mineral chelate, alongside the unique patented chelant that produces a predictably higher sustainable concentration of hydrogen ions. These sustainable ions bond (chelate) the minerals to keep them in solution, preventing precipitation.

Benefits

1. Sustains active mineral ion levels.
2. Safe to use for both the operator and the environment.
3. Ideal for applying to individual hoofs.
4. Easy to apply by both; brush and knife.
5. Contains Tea Tree Oil

Properties

Form:	Paste
Specific Gravity:	N/A
Colour:	Pale Green to Blue
Odour:	Fresh camphoraceous
Solubility:	Complete in water
pH (Neat):	<3.0
pH 1% in solution H ₂ O	N/A

Method of Use

The hoof should be cleaned prior to the Healthy Hooves® Hoof Care Plus Paste HH 105T being applied, then the spray should be directed on to the specified area of the hoof. Once applied, the hoof may be kept covered with a bandage or Cow Slipper & removed after 24 / 48 hours or left unbandaged.

Process of Use

Healthy Hooves® Hoof Care Plus Paste HH 105T should be used as follows for the best results:

Continue applying on a daily basis until signs of improvement.

Can be used in conjunction with the Healthy Hooves® Hoof Care Plus Spray and Hoof Slipper.

Packaging

500g tubes
