

TECHNICAL DATA SHEET

Wrap In a Can SPRAY HH 111

Revision Date:02/11/2020

Product Description

Healthy Hooves® Wrap In a Can HH 111 leaves a clear protect polymer plaster like barrier to seal & protect.

In field trials on farms, Healthy Hooves® Wrap In a Can is a non-antibiotic hoof and skin care product. It provides a rapidly drying, waterproof, against the farm environment. Once applied to dirt and necrotic free tissue it seals and protects damaged skin and trimmed hoofs against further contamination.

Wrap In a Can is a next generation product, antibiotic free, supplied in a handy size 200ml spray. It is quick and easy to use and dries rapidly once applied to the animal.

Seal and Protect, naturally with Wrap In a Can Plaster SPRAY.

Healthy Hooves® Wrap In a Can SPRAY has been developed for use as a daily direct application to the hooves, where it is impractical to make up solutions prior to use

Benefits

1. Maintains a clean clear coating
2. Safe to use for both the operator and the environment.
3. Ideal for applying to individual hoofs.
4. Convenient 200ml aerosol for ease of use.
